CITY TO PRESENT GALA APPEARANCE IN MAY

Streets to be Gaily Decorated for Foresters Big Convention—Finance Committee Meeting With Success

Redwood City will present a gala appearance the first week in May, when 600 Foresters from all parts of the State will come here to hold their annual convention. At Monday evenings meeting of the town trustees, $200 was voted for the purpose of providing decorations in honor of the visitors. Thus assured of sufficient funds to defray the cost of giving the streets of Redwood holiday attire, the Decoration committee, of which H. Marcus is chairman, will hold a meeting Thursday night at the office of John J. Read, for the purpose of devising a scheme of decoration and to award a contract for its installation.

According to the tentative plans of the committee the decorations will be extended from crossing to crossing on Broadway from the depot to Main street and along Main street to the railroad track. The committee promises something out of the ordinary in honor of the Foresters.

The Finance committee is now actively engaged in the work of raising funds to entertain the visitors. They are meeting with marked success and will have little difficulty in raising the required amount.

Through the efforts of the committee on entertainment, the trustees have granted the saloonmen permission to keep open until 2 o'clock during convention week.

Miss Irene Dickey came over from Halfmoon Bay to spend the week-end with her parents, Mr. and Mrs. J. C. Dickey.

The district attorney stated however, that he had an understanding with the Ocean Shore Company that if the latter restored the government's water supply at Point Montara Light Station or other government loss there, that fact will not be used on behalf of San Mateo county as an admission of any liability on the

A REMINDER

"Procrastination is the Thief of Time." What a true saying this is, and yet we find ourselves putting things off day after day that should be attended to immediately, and paying dearly for it in the end. This will apply very gracefully to our sale of

Men's Furnishings

THE SALE STARTED OFF WEDNESDAY WITH A BANG! and the receipts for the day were far beyond expectations, and yet we hardly made an impression on the stock. The closing out of our MEN'S WEAR is only to make more room for our Dry Goods spring and summer lines which are beginning to arrive, so the Gents' Furnishings must go. I would advise all who would likely need anything in this department to take advantage of this sale, as all merchandise is not only going to be higher but scarce, especially if the present conditions continue to exist, so do not be afraid to supply yourself. These are all plums, not a lemon in the basket, and we will still be in business here and make anything good if by chance anything should be otherwise. I thank you. M. J. KNOX.

REPUBLICAN PARTY UNITED

Never before in the history of the Republican Party was there a more enthusiastic gathering of the members of that party than was assembled in the Palace Hotel, San Francisco, last Saturday afternoon at a conference to select delegates to the national convention to be voted for at the May primaries. From Siskiyou to San Diego came Republicans to aid in selecting a ticket of loyal party men, not renegades, nor political bandits, but men who have always been steadfast in their faith and loyal to the principles of the party of protection and prosperity. These men came determined that none but true disciples of the party be sent to the Chicago convention in June. They had one purpose in view that of preventing the progressives from purloining the delegates and stealing the prerogatives of the Republican party. They accomplished this in no uncertain way. They made it plain that if the progressives wish to come back they must come in through the open door through which they went out. They must not break in the back way and burglarize the house. The Republican party of the state is a unit and will work from now on for its entire success. The people are heartily tired of the Bull Moose fallacies and are weary of Democratic rule and will restore both the state and national governments to the good old reliable and patriotic Republican Party.

VOL. LVI: NO 46. REDWOOD CITY., CAL., SATURDAY, MARCH 11, 1916. ESTABLISHED, 1859

Prince Albert fits your taste!

Meets the fondest wishes of any man who likes to smoke because it has the *right flavor* and aroma and coolness. It's the most cheerful tobacco you ever did pack in a jimmy pipe or roll into a cigarette. And it's so good you just feel you never can get enough. The patented process fixes that—*and cuts out bite and parch!*

Copyright 1916 by R. J. Reynolds Tobacco Co.

Listen: It's easy to change the shape and color of unsalable brands to imitate the Prince Albert tidy red tin, *but it is impossible* to imitate the flavor of Prince Albert tobacco! The patented process protects that!

When you fire up your first smoke you'll decide that you never did taste tobacco that hits your fancy like

PRINCE ALBERT

the national joy smoke

For it exceeds in goodness and satisfaction the kindest word we ever printed about it!

Men, we tell you this tobacco will be a revelation to you. So, take this information at 100%, get out the old jimmy pipe from its hiding place or locate the makin's papers —*and fall-to!*

Your wishes will be gratified at the nearest store that sells tobacco, for Prince Albert is in universal demand. It can be bought all over the states and all over the world! Toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—that fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such excellent trim.

HIGHWAY COMMISSION FILES FINAL REPORT

Continued From Page One

part of the Ocean Shore Company, in respect to the damage caused by the recent flood in that locality; and similiarly, if the county restored certain damage at the station, or up the creek, that fact would not be used by the railroad company as an admission of any liability on the part of the county. The cost of restoration in both cases, as far as the liability of the county and the railroad company is concerned, is to abide by the final determination as to the general liability respectively.

A communication confirming the above understanding between the Ocean Shore officials and the district attorney, was read and ordered filed.

On motion of Casey, seconded by MacBain, it was ordered that the chairman appoint a committee of three to confer with the Ocean Shore officials in the matter of the reconstruction of the Ocean Shore fill.

The chairman thereupon appointed District Attorney Swart, Engineer Neuman and Supervisor Francis, on the above committee.

The following bids were opened for the construction of a concrete culvert on Britton avenue, in the Second township:

T. C. Rice	$389.58
C. M. Payne	398.75
A. Matson	351.35
H. B. Morey	389.35

On motion of Brown, seconded by MacBain, the letting of the above contract was postponed until next Monday, March 13th.

On the recommendation of Surveyor Neuman, and on motion of Brown, seconded seconded by MacBain, it was ordered that the Southern Pacific Company be directed to proceed with the installation of the signal bell at Holy Cross cemetery, under the supervision of the railroad commissioners, the latter to approve the work and the charge thereof.

On motion of MacBain, seconded by Thompson, it was ordered that contractors depositing $5 to secure plans in order to bid on county work, be refunded the above deposit upon their return the said plans.

On motion of Brown, seconded by Thompson, the appointment of Judge P. E. Lamb of Burlingame was ordered to fill the vacancy caused by the resignation of Leslie D. Whitney, as a member of The Three Cities Mosquito Abatement Committee.

M. B. Johnson submitted a report of the San Mateo County Advisory Road Commission, of which he was chairman. The report stated that the roads built by the board under the direction of the county engineer have not only been equal to, but superior to the kind originally contemplated in the bond issue when the bond issue was first voted. Not only have the roads been built of better material, but are wider than originally outlined. There has also been a large saving to the county in the actual cost of the work done as compared with the estimates originally made by the engineers. In concluding its report the members of the commission requested that they be relieved from further duty in connection with the same, as the work under the bond issue has now been practically completed.

On motion of Brown, seconded by Casey, the report was received and ordered filed.

On motion of Casey, seconded by MacBain, a vote of thanks was tended the members of the Advisory Road Commission for their splendid service and assistance while acting with the supervisors in the construction of the county's roads.

District Attorney Swart reported that H. C. Buzzell, who held a license to conduct a saloon at Purissima, had recently been declared an incompetent and was therefore disqualified from holding the said license.

The board, thereupon, on motion of Brown, seconded by MacBain, ordered that the above license be revoked and the saloon ordered closed.

On motion of MacBain, seconded by Brown, it was ordered that the several constables of the county be requested to meet the board and the district attorney at the next meeting, on March 13th, to formulate some system for assisting the traffic officers on Sundays and holidays.

The board adjourned at 11:50 a. m., to meet next Monday, March 13th, at 10 a. m.

He's Eating Up YOUR Money

DID you know the U. S. Government has shown that the ground squirrels on your place are collecting 34c from you every year for each acre of your cultivated land, in what they eat and destroy?

Furthermore, did you know that these little destroyers depreciate land values an average of $2.74 per acre? Can you afford to pay the toll? Stop it. Get rid of these pests that eat your crops, destroy your trees and vines, and spoil your land. It's easy and inexpensive to get rid of them with Kilmol.

Kilmol is a liquid chemical that both asphyxiates and poisons squirrels, gophers, etc.—Kilmol "will kill 'em all."

Waste balls are saturated with Kilmol. One is placed in each burrow, then ignited. The gas quickly penetrates to every part of the tunnel.

KILMOL
SQUIRLGOPHENE
Will Kill 'Em All

It "gets" Mr. Squirrel or Mr. Gopher before he can escape. One application, costing less than one cent per burrow for Kilmol, invariably does the business—it's 100 per cent efficient. Results absolutely guaranteed or money refunded. Kilmol can also be used with U. S. Destructor—a machine invented by U. S. officials that forces Kilmol gas into burrows—Kilmol is used by Government, State and County officers.

Ask your local dealer for Kilmol and waste balls. The waste balls you get from him are better and cheaper than home-made. If he can't supply you communicate with me, giving his name. Also ask him about improved United States Government formula of poisoned barley.

Write for full information about squirrel and gopher destruction.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonsful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonsful, because 50c worth makes a whole pint (128 teaspoonsful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guaranteed here by Ryan's Drug Store, Redwood City.

VOTE GOLD DOLLARS FOR DECORATIONS

Gas Company to Replace Their Mains on Three Streets With Larger Pipes.

The board of town trustees, Monday evening voted the sum of $200 for street decorations during the Forester convention to be held here during the first week in May. H. Marcus, representing the decoration committee suggested that the town provide the decorations as its share of helping the Foresters entertain their guests. The plan met with the hearty approval of all the members. It is planned to have the work done under contract by experienced decorators who will put up their own decorations about a week before the celebration and remove them as soon as the festivity is over. As over 600 delegates are expected from all over the state, every energy is being bent toward making their visit a never to be forgotten pleasure.

Since the local merchants are all supporting the coming celebration, A. S. Ligouri addressed the board and asked them to do all in their power to prevent outside peddlers and transient merchants from cutting into the trade that week. The present license ordinance, he was assured, would properly protect the local business men.

J. J. Read addressed the board relative to allowing saloon men to keep their places of business open during the holiday week to conform with the hours prescribed by the State law which is that they must close at 2 a. m. instead of at midnight as provided by the town ordinance. As the saloon men are liberal contributors to the finances of the event this concession to them was deemed reasonable and was granted. It is understood that any individual violating this privilege will be compelled to close at midnight thereafter.

Street Superintendent Dickey was instructed to put on a crew of men and repair all the ruts on the old accepted streets throughout town. He reported plans of repairing the pavement on Broadway immediately. No complete job in repairing the pavement where the street had been dug up for sewer and water connections has been made for several years.

It was the senses of the board that the George H. Irving Company complete the temporary cesspool at the foot of James avenue at their own expense, they having requested a permit to do the work at the last meeting of the board..

The Pacific Gas and Electric Company was allowed to replace their gas mains on portions of Stambaugh, Heller and Phelps streets with larger pipes. The pipes now in use are leaking badly and there is danger of the escaping gas killing the trees along the streets. They are to replace the pavement in the condition it is before they tear it up, using concrete to prevent the ditch from settling after it is closed for some time.

The matter of working out a plan for the repair of cross drains on Stambaugh and other streets in town was suggested by Trustee Hahir and referred to Trustee Tuchsen, City Engineer Finlay and Superintendent of Streets Dickey.

A suitable contract and bond between Mr. Chubbick and the town for the new fire truck was discussed and referred to City Attorney Mansfield to be prepared and presented at the next meeting.

The board ordered the purchase of twenty-four park benches from the Exposition to be used in the city parks.

The matter of having sewer connections made to 27 houses in West Redwood where the sewer passes the property was referred to Health Officer Dr. J. L. Ross.

The collections for the various funds for the month of February were as follows: Water collections, $1,059.05; water connections, $31; licenses, $79; rebates on transformers, $25.05; taxes, $134.06; total, $1,328.16. There was on hand in the general fund, $7,641.20 and the first of February and $2,823.28 was paid out in claims during the month, leaving a balance of $4,817.92.

Resolutions were passed ordering the work and calling for bids on the James avenue sewer extention, curbs and gutters on Main street and Broadway in the principal business section, sidewalks on portions of Arguello, Winslow and Brewster streets. April 3rd was fixed as the date for opening bids on these pieces of work.

Plans and specifications were adopted and a resolution of intention passed for sidewalks and curbs on the County Road from Five Points to Rogers street.

The board adjourned until Monday evening, March 13th when further action on street work will be the principal business of the session.

CATHOLICS OF REDWOOD WELCOME NEW CURATE

Father Sullivan and Assistant Guests of Mount Carmel Aid Society

The return of Father Sullivan from a short vacation spent at Paso Robles and the appointment of Father O'Brien as assistant pastor of Mount Carmel parish furnished the motif for a reception given in Odd Fellows Hall last Tuesday night by the Mount Carmel Aid Society. Following a short business session which was presided over by P. A. Ryan, the members of the society and their guests adjourned to the banquet room where a light repast was served, the affairs of the parish discussed and plans laid for a general get together movement for the benefit of the "Little Church on the Highway."

Joseph Hahir, acting as toastmaster called on E. T. McGettigan to deliver the message of welcome to the new curate and to extend felicitations to Father Sullivan on his return to his duties as pastor, much benefited by his rest in the South. Mr. McGettigan told Father O'Brien that he regretted his inability to properly describe the warmth of the greeting that he knew was in the hearts of the Catholics of Mount Carmel parish, "for the new curate." Continued Mr. McGettigan:

"The real warmth of this reception, Father O'Brien, will be shown during your stay here by the willingness you will find in your flock to aid you and Father Sullivan in your plans for the betterment of the parish. On behalf of the Catholics of Redwood I feel safe in promising you a spirit of cooperation that will tend to lessen your burdens and tend towards the making of Mount Carmel one of the best parishes down the peninsula. The spirit is here and we offer it to you without reservation."

Father O'Brien responded briefly and in kindly tones thanked the parish feelingly for its welcome and assuring those present that both he and Father Sullivan would avail themselves of the parish's willingness to work together for improvement. Father Sullivan told how glad he was to see his people united in their desire to lend their aid to his plans for the future and thanked his hosts for the reception tendered Father O'Brien, "which was," he said "the best evidence that the burdens of pastor and assistant would be lightened."

Toastmaster Hahir then called on P. A. Ryan, D. R. Stafford, Sheriff Sheehan, Miles Sharkey, J. P. Coleman, Mrs. P. A. Ryan, Mrs. J. J. Hahir and Mrs. D. P. Flynn, all of whom made short addresses reiterating the promises to "lend their every effort for the betterment of the parish."

STANFORD OARSMEN LIKELY TO TRAIN AT SAN CARLOS

Many Inducements Offered Graduate Manager Earl Behrens

Graduate Manager Earl Behrens of Stanford and a nephew of L. P. Behrens of this city, has received an offer from San Carlos to have the Cardinal oarsmen do their conditioning in San Carlos harbor, and excellent inducements are made to the Stanford management. The San Carlos people offer to erect a boathouse for the Cardinal crew it if will transfer its training quarters.

The Redwood estuary, where the Cardinal crews have trained in past years, is fast filling up, and it is only a matter of time until a new training site will have to be found. The San Carlos harbor is much smoother than the water in the Redwood estuary, and the tides are practically the same the year round.

Several San Francisco capitalists are interested in a project to make a bathing resort on the beach at San Carlos, and have purchased the Ohio building at the exposition which will be erected there as a clubhouse.

It seems likely that the Stanford crews will change their rowing headquarters as soon as the improvements are made. In addition to more favorable tides, there is a fine stretch of beach and an excellent race course.

PARENT-TEACHERS WILL MEET MONDAY AFTERNOON

The regular monthly meeting of the Redwood City Parent-Teachers' Association will be held in the grammar school auditorium next Tuesday afternoon, March 14th, at three o'clock.
